Services**

# DGD TRANSPORT COMPANIES

The DGD Transport family of companies provides an array of solutions for all your domestic trucking needs. As the "Ultimate Asset Based 3PL" we combine traditional asset based services with blended brokerage, warehousing, customs brokerage and fulfillment capabilities. DGD Transport's strategic warehouse locations promote fast, efficient, cost effective and reliable coast to coast distribution.

- Facilities includes 100's of loading docks to ship and receive product daily. Secure, inventory-controlled warehouse facilities segregate food, non-food and drug products
- Operating over two million square feet of production and distribution centers, DGD Transport plants operate around the clock, five days a week and distribute products across the nation, seven days a week.
- Our facilities allow us to understand the unique requirements of your organization. We listen, learn and provide solutions.
- **Reliability, Visibility, Cost Reduction**

## DGD TRANSPORTS OFFERS SERVICES FOR ALL OF YOUR TRUCKING AND WAREHOUSING NEEDS

### WAREHOUSING

Secured warehouse facilities allow DGD Companies to extend segregated manufacturing space. We have well established relationships with additional warehouse nationwide. If we cannot accommodate your warehousing needs in house, we will properly place your shipment with a trusted warehouse. Dry and cold storage warehousing available.

### DISTRIBUTION AND FULFILLMENT

DGD Transport' distribution centers provide an ideal staging area for items to be united with other products for streamlined shipment consolidation and significant savings in freight costs.

### ASSET DIVISION

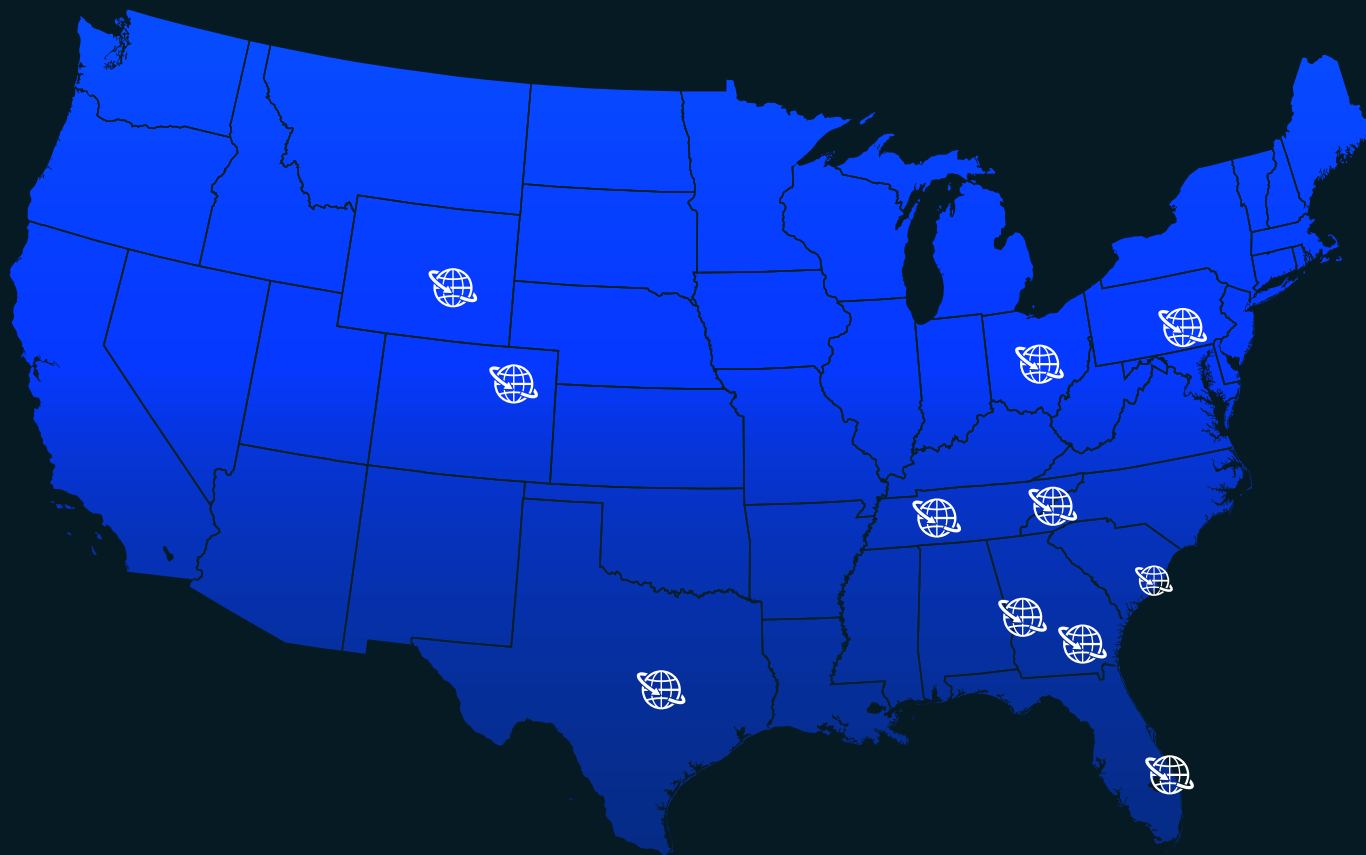

In addition to our Logistics Teams' vast carrier network, we utilize our own fleet of company owned trucks. With local, regional, and long haul capabilities, we can service all your freight needs. We also offer hotshot and lift gate services within the Miami area

# DGD TRANSPORT **BENEFITS**

- DGD Transport can optimize freight expenditures, resulting in a reduction of transportation costs.
- Our on-time delivery percentage exceeds 98% even when complying with the most market-critical shipment demands.
- Supplemental services offered such as claims handling, allow you, the shipper, to improve control over the transportation function without adding new employees.
- DGD Transport optimizes loads and modes, those concerned with sustainability will recognize a greener transportation landscape.
- DGD Transport Services are scalable, the prudent shipper can be lean in an uncertain economy, with the ability to grow quickly as the market recovers.
- DGD Transport is responsible and we have the expertise to maintain compliance with local rules and regulations in a global environment.

# CAPABILITIES & RELATED **PLANT LOCATIONS**

DGD Transport has trusted partners across the country. This enables us to provide our clients any service, any time, anywhere. Whether you need Warehousing, Trucking, or Inland Brokerage, you can count on DGD. DGD Transport is the Ultimate Asset Based 3PL.
